

25th International Telecommunication Networks and Applications Conference

November 18-20, 2015
UNSW, Sydney, Australia
www.atnac.org

Extended paper submission deadline: 15 July 2015

ITNAC 2015 is Technically Co-Sponsored by **IEEE Computer Society**. Indexed by **Ei COMPENDEX**

With the increasing focus on modelling and simulation in the fields of cyber-networks, data mining, cyber security, distributed computing, mobile computing, cognitive computing, cloud computing, computing tools, applications, simulation tools, system performance and data and computer communications the demand for high quality research outcomes has never been greater. ITNAC has been the forum for researchers and engineers to present and discuss topics related to advanced computing and data communication network technologies, services and applications.

ITNAC 2015 is an international conference for the presentation of research outcomes covering timely and relevant aspects concerning modelling and simulation of distributed, mobile, cognitive and cloud computing, computer and data communications, local and metropolitan networks, optical, wired and wireless telecommunication networks and applications. Contributions are welcome on all advanced research and particularly (but not limited to) on the following topics:

- Modelling and Simulation
- Cyber-Networks, Data Mining and Cyber-Security
- Distributed, Cognitive and Cloud Computing
- Local and Metropolitan Networks
- Community and corporate Wi-Fi
- Data Communications
- Networks and Management
- Software Defined Networking
- Internet Technologies and Applications
- Network-Based Applications
- Mobility and Vehicular Networks
- Mobile Cellular and Wireless Networks
- Optical, Wireless and Satellite Communications
- Wireless Sensor Networks
- Power Efficiency and Sustainability

GENERAL CO-CHAIRS

Mark Gregory, *RMIT University, Australia*
(mark.gregory@rmit.edu.au)

Vijay Sivaraman, *UNSW, Australia*
